

Exclusive Pricing Proposal & Partnership Guarantee

1. Proposed Scope of Work (SOW) & Responsibilities

Role / Experience Level	Primary Focus and Activities
Architect/Expert Engineer (10–15 Years)	High-level system design, stack evaluation, defining architectural standards, security review, long-term roadmap planning.
Intermediate / Senior Engineer (5–9 Years)	Leading small feature teams, system design review, complex problem-solving, code mentorship, performance optimization.
Mid-Level Engineer (1–4 Years)	Feature implementation, bug fixing, unit testing, ticket resolution, documentation updates.
Non-Technical Support	Administrative tasks, data entry, basic operational support, and non-code related documentation.

2. Pricing

We are pleased to offer this highly competitive tiered pricing structure, designed to secure a long-term partnership while addressing your request for a cost reduction. By committing to a 1-Year Master Service Agreement, you receive an immediate **10% discount** off our standard monthly rates.

Resource Role / Experience	1-Year Contract Rate (10% Discount)	1-Month Contract Rate (Base Price)	Monthly Commitment (hours)	Fixed Monthly Cost (1-Year Contract)	Fixed Monthly Cost (1-Month Contract)
Non-Technical Support	\$18.00/hour	\$20.00/hour	160 (FT) or 40 (PT)	\$2,880 (FT) or \$720 (PT)	\$3,200 (FT) or \$800 (PT)
Mid-Level Engineer (1–4 Years)	\$27.00/hour	\$30.00/hour	160 (FT) or 40 (PT)	\$4,320 (FT) or \$1,080 (PT)	\$4,800 (FT) or \$1,200 (PT)
Intermediate/Senior Engineer (5–9 Years)	\$36.00/hour	\$40.00/hour	160 (FT) or 40 (PT)	\$5,760 (FT) or \$1,440 (PT)	\$6,400 (FT) or \$1,600 (PT)

Architect/Expert Engineer (10–15 Years)	\$45.00/hr	\$50.00/hr	160 (FT) or 40 (PT)	\$7,200 (FT) or \$1,800 (PT)	\$8,000 (FT) or \$2,000 (PT)
---	------------	------------	---------------------	------------------------------	------------------------------

As a lean startup tax benefits, we maintain highly qualified technical professionals who prioritize company success, allowing us to offer reduced pay and benefits.

We pass these operational efficiencies and cost savings directly back to our customers, allowing us to offer this affordable, exclusive pricing to our early partners, as we truly believe your success is our success.

3. Commitment Definitions

FT (Full-Time): Fixed monthly retainer for **160 hours** of guaranteed work. This designation indicates a **Dedicated Resource** who will work exclusively for you throughout the agreed tenure.

PT (Part-Time): Fixed monthly retainer for **40 hours** of guaranteed work. This designation indicates a **Shared Resource** who will also be working on other projects, and their availability is based on time and priority allocation across those engagements.

4. Key Partnership Value & Guarantees

Service Satisfaction Guarantee: If, within the first **15 days** of engagement, customer is not fully satisfied with the performance or cultural fit of the assigned resource, Cixio offers a **Guaranteed Replacement** or a **100% Full Refund** of all fees paid for that resource during the guarantee period.

Maximized Long-Term Value: The 1-Year Master Service Agreement ensures guaranteed reliability and transparency while leveraging the full potential of the engineer; this results in less repeated onboarding, a reduced learning curve, and the development of compound product and domain expertise over time.

Seamless Team Continuity: If an assigned engineer leaves in between the contract period, we guarantee a replacement of the same experience level and expertise will be assigned immediately, ensuring **zero impact** on your project delivery timelines.

Flexible Over-Commitment: Should the Monthly Commitment hrs (160 FT / 40 PT) be slightly exceeded due to unforeseen circumstances or internal operational needs, **we will not charge anything extra.**

All-Inclusive Pricing: The rates quoted are fully comprehensive. They include all associated charges, taxes, and operational overhead, with **no hidden charges** or fees to ensure budget predictability.

Transparent & Consistent Pricing: This is a fully transparent pricing subscription model. These established rates and terms are consistent across all our customers for comparable services.

No Wastage on Retained hrs: In the event the contracted work is completed or there is a temporary pause in scope, we will communicate proactively. You can plan to utilize the remaining committed hours for essential tasks such as **R&D, internal documentation, or future development backlog**, and we will assign the same or a different resource without any additional cost.

Complete Transparency: We provide customers with access to our project boards (e.g., Rally, Jira, Team Channels) and detailed Timesheet/Work logs for full visibility and control over project progress and resource utilization.

Integrated Delivery Cadence: We follow standard agile rituals (Brainstorming, Sprint Planning, Scrum Calls, Retrospectives, Demos, and War Sessions). Customer participation in these sessions is **optional** but highly welcomed for seamless collaboration.

Assumptions	Exclusions
Tools & Access: Loudhailer Inc will provide all necessary software licenses, communication tools (Slack, Teams), and access permissions (VPN, Jira, Git repositories) etc	Travel and Accommodation expenses are not included in the monthly rate and will be billed separately with prior client approval.
Point of Contact: A designated technical manager will be available to the Cixio resource for daily direction, prioritization, and rapid decision-making.	The scope does not include responsibility for third-party software licensing or maintenance.
Client Equipment: Resources will use Cixio-provided hardware; however, any client-specific hardware required for security purposes (e.g., custom security keys) will be provided by the client.	Cixio resources are focused on the agreed-upon SOW; any out-of-scope work will require a change request and updated rate negotiation.
	Third-Party Costs: The monthly rate excludes the cost of any third-party software licenses, server provisioning, cloud consumption (e.g., AWS, Azure, GCP costs), or specific access fees, which must be provided or paid for directly by Loudhailer Inc.

5. Commercial Terms Summary

Security Deposit: A one-time refundable Security Deposit equal to **one month's fixed cost** is due upon contract signing. This deposit will be held by Cixio and applied to the client's final invoice upon contract termination. If the final invoice is less than the deposit amount, the balance will be returned to

the customer within **15 days** of final payment settlement.

Invoicing: Invoices will be issued monthly, in advance, on the 25th of the preceding month (e.g., the invoice for January will be issued on December 25th).

Payment Terms: Payment is due Net 7 days from the invoice date.

Termination: Either party may terminate the MSA with 60 days written notice, subject to any penalty clauses defined in the MSA.
